ACADEMIC COUNCIL  
MINUTES

November 3, 1981

Provost Beljan introduced the new student representative from WOBC, Melia Dahlinghouse.

- II. A motion was made and seconded to approve the minutes of the October 5, 1981 Academic Council meeting. Minutes were approved.
- III. Report of the President: President Kegerreis reported that the tax bill passed by the State Senate is now before the conference committee where hopefully the differences between the House and the Senate will be resolved. Once the tax bill is passed, an appropriations act will be handled by both houses and the subsidy allocations for the campuses will be processed by the Board of Regents which will enable the University to enact a University budget, possibly this month or early December. President Kegerreis, commenting on the continuation budget, said that if the conference committee could not resolve the differences and the continuation budget would extend beyond the 15-day current extension of the 4-month continuation, the State of Ohio would be forced to implement extensive reductions in the expenditures of the state government. The Office of Budget and Management would be forced to administer cuts ranging from 7-14% beyond the current level, which would mean that the University would be operating at approximately 80% of the level expected last July 1980. It is hoped a resolution will be reached by the conference committee in order to avoid an extension of the interim budget.
- IV. Report of the Steering Committee and Faculty Vice-President: Mr. D. Pabst, Chairman, gave the following report:
- A. Faculty Concern Regarding Early Retirement Policy. The Steering Committee has appointed an Ad Hoc Committee on Faculty Retirement, which will be charged with examining the broad questions and multiple facets of faculty retirement. Issues that might be considered will include: the University Emeritus Policy, the position of the University professorship, review of the Early Retirement Policy, and perquisites of retired faculty. Each college and school in the University is represented on this committee; those colleges with a larger faculty have two representatives. Mr. Pabst announced the following membership on the Ad Hoc Committee on Faculty Retirement:

Charles Wharton, School of Med  
Robert Dixon, S & E  
Carl Maneri, S & E  
Gregory Bernhardt, Ed & Hum Serv  
Charles Blake, Bus & Admin

Andrew Spiegel, L.A. (Chairer)  
Robert Thobaben, L.A.  
Marjorie Kinney, Nursing  
Giovanni Bonds, SOPP

- B. Chairer for Student Affairs Committee. Steering Committee rescinded its previous action to instruct the Student Affairs Committee to select a chairer from among its faculty members and instead, requested the full committee to nominate a member as chairer subject to the ratification of the Academic Council. Student Affairs Committee will meet November 5 and will follow through on this motion.
- C. Provisions of Faculty Contracts. Steering Committee requested the University Faculty Affairs Committee to undertake by late January a complete study of the issues raised concerning contracts and to report to the Steering Committee in February for a determination as to whether other University bodies need be consulted.
- D. Mr. Pabst reminded members of the University that the General Faculty Meeting will be held November 17 and the next Academic Council Meeting will be November 30. Also, the next Newsletter from the Faculty Vice-President will be in the mail approximately November 9.

Report of the Steering Committee was opened to questions. Question was raised regarding the possibility of a problem between faculty and administration concerning Early Retirement Plan. Provost Beljan commented that he does not believe there is extensive controversy; there are a few individuals who have questioned whether some changes should be proposed. The University policy is that the current retirement plan has been in effect for a relatively short period of time and deserves a period of experience before being evaluated. The Board of Trustees has given the plan a time frame of five years. At the end of five years, the Board will either continue the plan, modify it, or discard it. The intent is to see the plan in its present form through its first year and review it at that point to see if it has accomplished what it intended to accomplish, that is to encourage early faculty retirement. Mr. D. Pabst said that the Ad Hoc Committee on Faculty Retirement will be studying all aspects of the Early Retirement Plan and will be reporting back to the Steering Committee with recommended actions.

V. Reports of the Standing Committees:

- A. Curriculum Committee: No report
- B. Faculty Affairs Committee: Mr. J. Jacob, Chairer, gave the following report:
  - 1. This committee is continuing its review of the University Promotion and Tenure process.
  - 2. The committee has completed its final appointment of a Due Process Hearing Board to hear a complaint by a member of the University faculty.
  - 3. The committee received a request from Steering Committee to study the calendar term of appointment for faculty on 9-month contracts at Wright State University.
  - 4. Past Faculty Affairs Committees have been remiss in failing to appoint members of an ongoing Tenure Removal Committee. There will be such a committee created this month. The names of the members of that committee will be referred to Academic Council for approval at the November 30 meeting.
